

Autumn Take Away Task.

This week we have been looking at Autumn and how the season has changed. During half term we have asked the children to complete at least one of the following Autumn activities.

- Go on an Autumn walk. What treasures can you find?
- Find a selection of Autumn leaves and use them to make a picture.
- How many different shaped leaves can you find?
- Play in the Autumn leaves, kick them up, throw them in the air and see if you can catch them!
- Can you find out why squirrels hide their acorns and nuts in Autumn?

Have fun!!
